A strong majority of Ottawa residents are concerned or somewhat concerned about the affordability and availability of adequate housing for seniors in the City of Ottawa.

Survey | Summary
Conducted by Nanos for OREA and OREB, May 2021
Submission 2021-1691

Key Findings – City of Ottawa

1

RATING THE CITY OF OTTAWA

Ottawa residents give the highest ratings to Ottawa as a place to raise a family (mean score of 8.4 out of 10) and as a safe place to live (mean of 8.0) and give the lowest rating to Ottawa as a place where one can afford to buy a home (mean of 4.4).

2

PERFORMANCE OF MUNICIPAL LEADERS

Ottawa residents are more likely to say municipal leaders have done a very good (16%) or good job (36%) at responding to the COVID-19 pandemic than at creating an environment for affordable housing (very good: two per cent; good: 16%).

3

PREMIER AND MAYOR'S HANDLING OF COVID-19 PANDEMIC

Residents give a higher rating to Mayor Jim Watson's performance responding to the COVID-19 pandemic (mean of 6.7) than Premier Doug Ford's (mean of 5.8).

4

VALUE OF REAL ESTATE

Ottawa residents are 11 times more likely to believe the value of real estate in their neighbourhood will increase (74%) rather than decrease (seven per cent), while 17 per cent believe it will remain the same.

Key Findings – Housing for Seniors

6

EASING RESTRICTIONS ON SECONDARY SUITES

A strong majority of Ottawa residents support (75%) or somewhat support (12%) the City of Ottawa easing restrictions to allow homeowners to build secondary suites or coach houses on their property for a senior family member to live in.

7

CONCERN ABOUT HOUSING FOR SENIORS

A majority of Ottawa residents say they are concerned or somewhat concerned about the affordability (56% concerned; 24% somewhat concerned) and availability of adequate housing for seniors in Ottawa (45% concerned; 27% somewhat concerned). Ottawa residents rate the urgency of ensuring seniors have adequate housing options as a priority (mean of 7.7).

8

APPEAL OF HOUSING OPTIONS FOR SENIORS

Ottawa residents rate remaining in their current home (mean of 8.1) as the most appealing housing option for seniors, followed closely by a secondary suite/coach house/in-law suite in a family member's home (mean of 7.8). They gave the lowest score to a long-term care home (mean of 5.0).

9

REQUIRING SENIOR-FRIENDLY HOME

One third of residents who are seniors and/or make decisions on behalf of a senior say they and/or a senior in their family will require a senior-friendly home in the next five years. Of those residents, just over half say they or their family member is prepared (33%) or somewhat prepared (18%) to move to a senior-friendly home.

Advice to make the City of Ottawa a better place

Q If you had one piece of advice to make the City of Ottawa a better place, what would that advice be? [OPEN]

Residents of Ottawa most often say a better transit system including fixing and/or finishing the LRT (12%), having more affordable housing (11%) and more green space, parks, trails and playgrounds (nine per cent) when asked for advice to make the City of Ottawa a better place.

TOP RESPONSES

	Frequency (n=575)
Better transit system/fix and/or finish the LRT	12.0%
Have more affordable housing	10.6%
More green space/parks/trails/playgrounds	8.7%
Better road maintenance	7.6%
Better cycling/walking paths (dedicated biking/walking lanes)	4.1%
Get everyone/essential workers vaccinated	3.6%
Limit the height of buildings/less expansion	3.4%
Lower taxes	2.7%
More entertainment/activities for the youth	2.7%
Other	4.4%
Unsure	6.2%

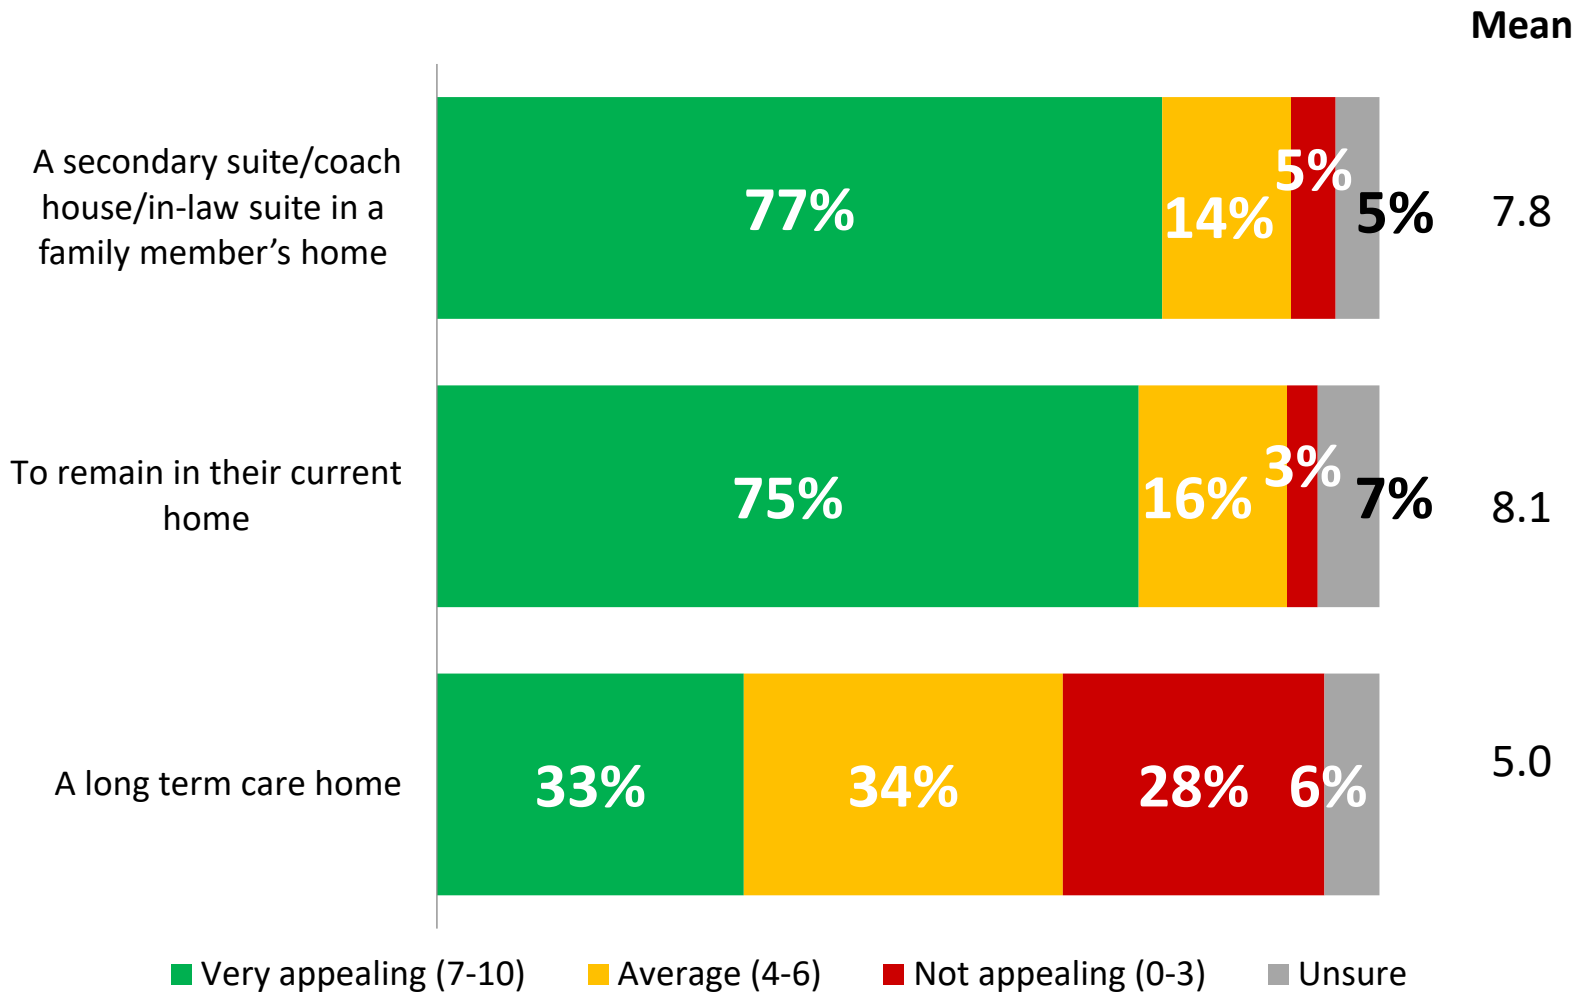
Housing options for seniors

Q On a scale from 0 to 10, where 0 is not at all appealing and 10 is very appealing, please rate the appeal of the following housing options for seniors [RANDOMIZE]

Residents of Ottawa say remaining in their current home and a secondary suite in a family member's home are more appealing housing options for options for seniors than a long-term care home is the least appealing. Seniors (65 years of age or older) rank long-term care homes lower (mean of 4.3) than participants who are not seniors nor make decisions for a senior (mean of 5.2)



*Weighted to the true population proportion.
*Charts may not add up to 100 due to rounding.

METHODOLOGY

Nanos conducted an RDD dual frame (land- and cell-lines) random telephone survey of 700 residents in the City of Ottawa, 18 years of age or older, between April 6th and 18th, 2021. Participants were randomly recruited by telephone using live agents and administered a survey. The sample is geographically stratified to be representative of the City of Ottawa.

Individuals were randomly called using random digit dialling with a maximum of five call backs.

The margin of error for a random survey of 700 residents of the City of Ottawa is ±3.7 percentage points, 19 times out of 20.

The research was commissioned by the Ontario Real Estate Association and the Ottawa Real Estate Board and was conducted by Nanos Research.

Note: Charts may not add up to 100 due to rounding

TECHNICAL NOTE

Element	Description
Research sponsor	Ontario Real Estate Association and Ottawa Real Estate Board
Population and Final Sample Size	700 residents in the City of Ottawa.
Source of Sample	Dynata
Type of Sample	Probability
Margin of Error	±3.7 percentage points, 19 times out of 20.
Mode of Survey	RDD dual frame (land- and cell-lines) random telephone survey
Sampling Method Base	The sample included both land- and cell-lines RDD (Random Digit Dialed) across the City of Ottawa.
Demographics (Captured)	Men and Women; 18 years and older. Six digit postal code was used to validate geography.
Fieldwork/Validation	Live CATI interviews with live supervision to validate work.
Number of Calls	Maximum of five call backs.
Time of Calls	Individuals were called between 6:30-9:30pm local time for the respondent.
Field Dates	April 6th to 18th, 2021.
Language of Survey	The survey was conducted in English.
Standards	Nanos Research is a member of the Canadian Research Insights Council (CRIC) and confirms that this research fully complies with all CRIC Standards including the CRIC Public Opinion Research Standards and Disclosure Requirements. https://canadianresearchinsightscouncil.ca/standards/

Element	Description
Weighting of Data	The results were weighted by age and gender using the latest Census information (2016) and the sample is geographically stratified to ensure a distribution across the City of Ottawa. See tables for full weighting disclosure
Screening	Screening ensured potential respondents did not work in the market research industry, in the advertising industry, in the media or a political party prior to administering the survey to ensure the integrity of the data.
Excluded Demographics	Individuals younger than 18 years old; individuals without land or cell lines could not participate.
Stratification	By age and gender using the latest Census information (2016) and the sample is geographically stratified to be representative of the City of Ottawa.
Estimated Response Rate	Five percent, consistent with industry norms
Question Order	Question order in the preceding report reflects the order in which they appeared in the original questionnaire.
Question Content	All questions asked are contained in the report.
Question Wording	The questions in the preceding report are written exactly as they were asked to individuals.
Research/Data Collection Supplier	Nanos Research
Contact	Contact Nanos Research for more information or with any concerns or questions. http://www.nanos.co Telephone:(613) 234-4666 ext. 237 Email: info@nanosresearch.com.

ABOUT NANOS

As one of North America's premier market and public opinion research firms, we put strategic intelligence into the hands of decision makers. The majority of our work is for private sector and public facing organizations and ranges from market studies, managing reputation through to leveraging data intelligence. Nanos Research offers a vertically integrated full service quantitative and qualitative research practice to attain the highest standards and the greatest control over the research process. www.nanos.co

This international joint venture between dimap and Nanos brings together top research and data experts from North American and Europe to deliver exceptional data intelligence to clients. The team offers data intelligence services ranging from demographic and sentiment microtargeting; consumer sentiment identification and decision conversion; and, data analytics and profiling for consumer persuasion. www.nanosdimap.com

NRM is an affiliate of Nanos Research and Rutherford McKay Associates. Our service offerings are based on decades of professional experience and extensive research and include public acceptance and engagement, communications audits, and narrative development. www.nrmpublicaffairs.com
